Thanks to Trevor Woods and family team for a very comprehensive compilation of results.

As all competitors have to be aware, the Rallysafe unit tracks not only the special stages, but liaisons also, with an emphasis on Quiet Zones.

Quiet Zones were clearly marked in the roadbook, and it was disappointing at the conclusion of the event to see that every competitor had transgressed speeding by a not insignificant amount.

In total there were over 120 individual instances of speeding within a QZ.

To have applied all of these penalties would have been of concern to competitors and also the organisers, as we have few enough entries as it is, and we want to see all competitors plus more come back in the future.

There may not be many residents along the course, but council approval relies on ratepayers being comfortable with the passage of this event past their properties. That is why compliance with Quiet Zone limits is important.
